

Palladwr Bowmen

The Palladwr Bowmen meet on Shaftesbury School's playing fields, far side by the wooden shed (our Club House), every Sunday morning at 9.30am to about midday.

This is a target archery club affiliated to the GNAS (Grand National Archery Society).

Many sorts of bows are used, including long bows, recurve bows and compound bows, but we are not insured for cross bows.

Training courses are run through the summer by the experienced archers of the club.

We welcome anyone who is interested to come along and join us.

Anthony Rayner
